

RWBA Trust Celebrates Successful Open Evenings

Schools in the Royal Wootton Bassett Academy Trust are celebrating after a successful couple of weeks of Open evenings.

Royal Wootton Bassett Academy, Lawn Manor Academy, Kingsbury Green Academy and The Wellington Academy have held their first open evenings of the year. Inviting pupils from Year 5 and 6 and their parents to attend organised events across the Trust.

Kingsbury Green Academy put on a truly interactive experience including volcanic eruptions, fireworks and bringing WW2 to life in History.

Principle **Jason Tudor** said:

“The open evenings are always great fun, as well as being an opportunity for parents to see the school and its staff in action.”

At Lawn Manor Academy, Students were encouraged to try new musical instruments, have a go at science experiments and complete maths challenges among many other fun and engaging activities.

Deputy Headteacher **Russell Langdown** commented:

“In our experience, if Year 5s and 6s have the chance to see around the schools and take part in whichever activities they are interested in, it’s a great icebreaker. They have great fun, but also feel much more confident about coming here to start Year 7”.

RWBA held pre-booked tours and provided an online presentation for prospective pupils to view.

Head teacher, **Anita Ellis** said:

“We look upon every student as an individual that comes through our doors with different life experiences and different experiences of education in their own Primary settings. It is vital we recognise the potential in everyone.”

The Wellington Academy is the most recent school welcomed into the Trust family. Their Open evening invited Yr5 and yr6 pupils, as well as existing students and their families, to look around the school and hear a talk from the Headteacher, Steven Paddock.

Steven Paddock said

“As part of the Royal Wootton Bassett Academy Trust family of schools, we can offer opportunities that are quite unique in a state school. There is something for every student to participate in from the Combined Cadet Force to The Talent Tap as well as a host of other opportunities to succeed both at school or beyond.”

If you missed the open evenings and would like further information on visiting our schools please visit the School website
