

# Children Thrilled to be Elected Head Pupils

**Proud pupils Kylie, Bobby, Ronnie and Izzy have just found out they have been selected as the new Head and Deputy Head pupils at Wellington Eagles Primary for this coming school year.**

The thrilled Year 6 pupils found out they had been chosen for the positions during Monday school assembly last week and were handed their Head pupil badges during the announcement.

It was no easy task applying for the positions, as there was a rigorous application process and interviews held with Head teacher Sarah Johnson-Motyl. Head girl Kylie explained, "In the interview we had to tell them why we wanted to do it and they asked us lots of questions."

Head Boy Bobby added, "As we are the school of the Curious Child, we were asked what we would do to encourage curiosity. Which was really lucky as that was one of the main things I had planned out."

Izzy, Deputy Head girl continued, "We had to say what we would bring to school that was new, how to make Eagles the best school in the world."

Head teacher Sarah Johnson-Motyl said, "We received applications from eleven of our Year 6 pupils; all of whom wanted to put themselves forward to become our Head Pupil / Deputy Head Pupil. Ms Lawton and myself interviewed them and we have been genuinely touched at their heartfelt desire to become leaders and to make a difference. The theme throughout the interviews was how important kindness is in all we think, do and say."

One of their first duties was to have their photo taken with new School Therapy puppy Lilibet which they all agreed was a great perk of the job. They will also be required to give presentations and show parents around.

Ronnie was keen to emphasize the role of Head pupil, "It's not about being the boss, you have to listen to people's ideas, because if you don't do that they won't respect you and nothing will get done."

Head teacher Sarah Johnson-Motyl finished by saying, "Well done to all four of you and to all the children who applied and are passionate about how they can make Eagles the best school in the world. Whether they were appointed or not, we are proud of them all for applying and thank all the parents for their time helping with the application process."

The team have lots of great ideas moving forward and can't wait to get started.
