

Rounders Champions

Year 10 Rounders School Games Tournament Report

Kingsbury Green Academy's Year 10 Rounders team produced an outstanding performance at the Wiltshire School Games Tournament, competing against some of the strongest teams in the county and emerging as overall champions.

The girls began the day in a highly competitive group, facing top opposition from across Wiltshire. Kingsbury Green Academy set the tone immediately with an impressive 10 - 3 victory over Commonweal before continuing their excellent form with an 11 - 1 win against Wellington. Further victories followed against Clarendon (10 - 8), Wyvern (5.5 - 4) and Corsham (6.5 - 5).

The toughest test of the group stage came in the opening match against RWBA. In a closely fought

contest, KGA were narrowly defeated by just one rounder. However, the girls responded brilliantly, showing resilience, determination and teamwork throughout the remainder of the group matches. Their strong performances saw them finish top of the group on 15 points, level with RWBA.

This set up a thrilling final between the two teams. Having learned from their earlier encounter, KGA adapted their tactics superbly and delivered their best performance of the day when it mattered most. The girls were outstanding in both batting and fielding, securing a convincing 8 - 4.5 victory to be crowned Wiltshire School Games Champions.

The entire squad were incredible throughout the tournament and were a true credit to Kingsbury Green Academy, displaying excellent sportsmanship, commitment and teamwork from start to finish.

A special mention must go to Krissy, whose exceptional performances earned her the well-deserved Player of the Tournament award.

Congratulations to all the girls on a fantastic achievement and an excellent representation of the Academy. Their effort, attitude and success made it a memorable day for everyone involved. 🏆 🙌
