Kingsbury Green Academy Celebrates Another Year of Improved Post-16 Results

Kingsbury Green Academy is delighted to celebrate another year of strong post-16 outcomes, with students achieving improved results across both academic and vocational qualifications.

This year's results demonstrate continued improvement, with 'average points' scores and the 'value-added' scores rising in both academic and vocational qualifications at the school. Particularly noteworthy is the performance of students studying General Applied qualifications, where the average grade achieved has increased to a **Distinction**, reflecting the high levels of achievement across the sixth form.

The results also include several exceptional individual performances. Among them is **Rory Anderson** who achieved an outstanding *three A* grades and an A* across his A-Levels, securing his place at **the University of Cambridge** to study Mathematics.

Rory is off to Cambridge

Amelia Fisher also achieved an exceptional set of results, gaining *three A* grades* at A-Level, continuing a record of academic excellence at the school and enabling her to progress to the **University of Sheffield** to study Geography.

Nicola Bull, Headteacher of Kingsbury Green Academy, said: "We are incredibly proud of all our students and everything they have achieved. These results reflect not only their hard work and determination, but also the support of our dedicated staff and families. It is particularly pleasing to see further improvement in both our academic and vocational outcomes, demonstrating the strength and breadth of the provision we offer."

Liam Collins, Assistant Headteacher and Head of Sixth Form said: "Whether students are progressing to university, apprenticeships or employment, they leave us well prepared for the next stage of their journey. We wish them every success for the future. Today is a proud day for us all."

This Academy is proud to be a part of the Ascend Learning Trust.

Head of Sixth Form Liam Collins

The academy's sixth form continues to offer a broad curriculum that enables students to pursue both academic and vocational routes, ensuring that every learner can follow a pathway suited to their strengths, interests and aspirations.

Staff were delighted to welcome students into school to collect their results and celebrate their achievements. Many students have secured places at highly regarded universities including Cambridge, Cardiff and Bristol, while others will be progressing to apprenticeships and employment opportunities across a range of sectors including in finance, genealogy and the RAF.

Students receiving their results

The results represent another step forward for Kingsbury Green Academy and reflect the continued commitment of students, staff and the wider school community to achieving excellence.

Congratulations to all students receiving their results today, and best wishes for the exciting opportunities that lie ahead.
