

Kingsbury Green Academy
Snow Sports Trip
1st – 8th April 2028
Prato Nevoso, Italy

KGA are delighted to announce that we are launching the 2028 Easter trip to Italy.

Our snow sports trips have been running for over 20+ years, and we have a vast amount of experience in taking all different types of students, regardless of their starting ability to various mountain resorts.

We have visited multiple countries over the years but have chosen Italy again as our destination for Easter 2028. This trip is simply a phenomenal experience for your child. Not only will they learn to either ski or snowboard, but they will develop their team work, leadership and communication skills. They will also experience a different culture in stunning mountain scenery and meet a host of new people along the way. It doesn't matter if your child has skied or boarded extensively or has never been to the mountains before. We are confident that the experience they will have on this trip is a positive and life changing one.

The school snow sports trip will be managed by Select School Travel, an educational organisation with worldwide experience of planning and managing school trips. They will provide professional safety back-up, insurance and support throughout the trip.

This trip is open to all students currently in Years 7, 8, 9, 10, 11 (those intending to stay at KGA 6th form) and Year 12

The cost of the ski trip will be £1307. This price includes all transport, insurance, food, accommodation, and all skiing or boarding equipment (except ski and personal clothing), ski pass and 5 hours of ski or boarding instruction per day by qualified instructors. Students will also receive a personalised hoodie for the trip.

The school has two qualified Alpine Ski Course Leaders. This means that students will be able to gain an additional number of hours skiing or boarding each day, after their paid lessons have finished. This is a valuable and rare opportunity for students to ski or snowboard with other students outside of their ability groups, and to put into practice what they have learned during the course of the day.

We are requesting parents make an initial £150 deposit to secure a place. Deposits will open on Parent Pay on **Friday 13th November 2026 at 0900**. This payment can be made via parent pay under 'active payment items'.

Places on this trip will operate on a 'first come, first serve' basis and once spaces run out, we shall create a reserve list. We are acutely aware that this trip is a large sum of money, and after your initial deposit, the remaining cost of £1157 will be spread into smaller, manageable payments up to January 2027.

Total cost of the trip £1307
£150 – Initial deposit – November 2026

The remaining balance of £1157 will be broken down into 14 payments up tot January 2028

Once payment has been accepted, the students' place is secured and a confirmation letter with all relevant information will be sent. There are 50 available places on the 2028 trip.

If you have any questions regarding the trip, please contact me on the details below. Our experience in running these massive events gives us confidence in planning a successful trip next year. We plan to host a parent's information evening in early December 2027 with all confirmed students, and to run a hire service for ski clothing for those parents who require it.

Yours faithfully
